

Towards Sustainable Energy

SE4ALL, NREAP, NEEAP

Regional Kick-off Workshop: Development of the ECDWAS RE and EE National Action Plans and SE4ALL Action Agendas

ECOWAS Sustainable Energy Policy and Enabling Environment Program

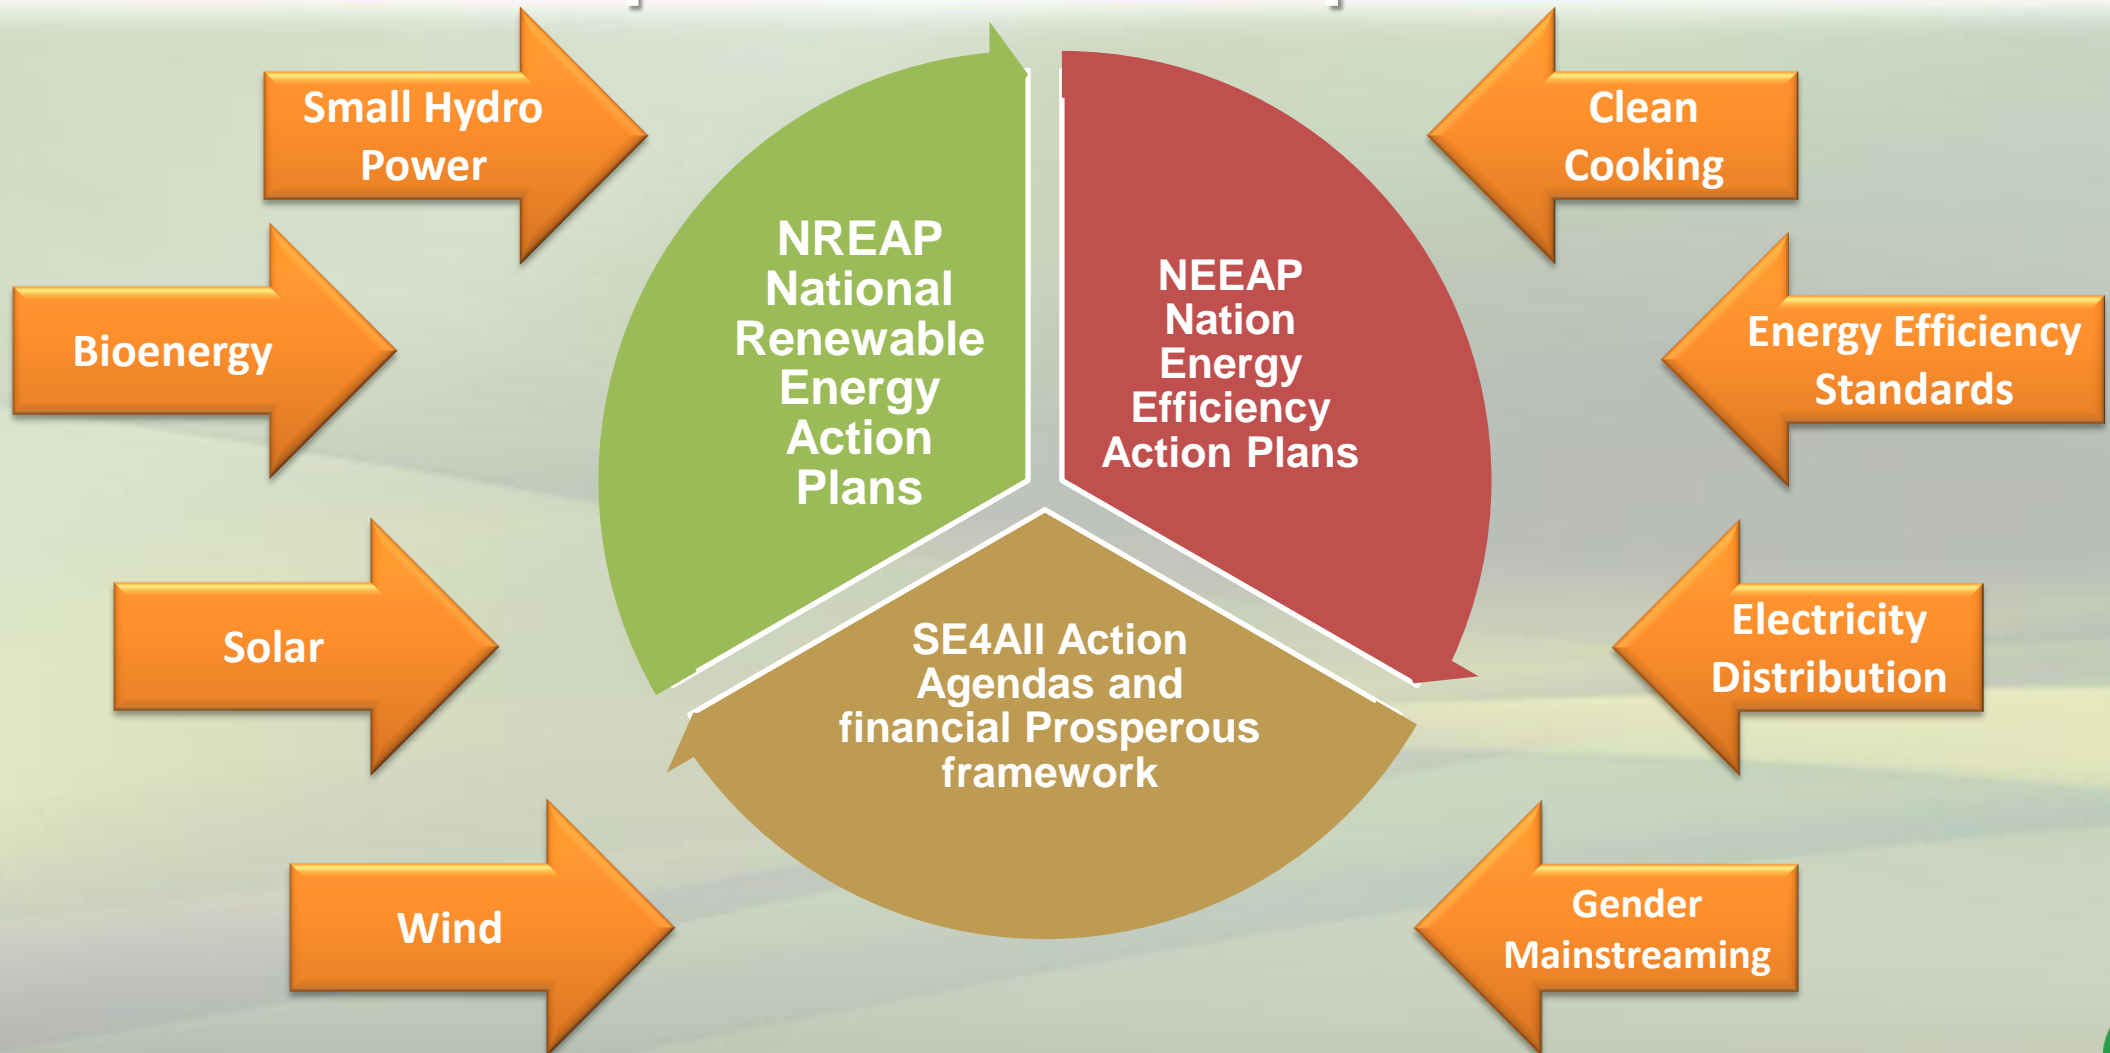

Regional RE and EE
Policies and SE4ALL

National Action Plans
and Policy
Framework

Transposition to legal
and Institutional
frameworks (laws,
regulations etc)

For the Implementation of the regional policies, national action plans will be developed

Specific sectoral action plans and strategies will be integrated

PROCESS FOR THE DEVELOPMENT OF ACTION PLANS

- **1ST Phase**
 - Development of the templates and procedures to set up the Action Plan Process
 - Kick off meeting of the regional process including a training
 - Official Information from ECREEE towards the Member States about the Process
 - Contracting national consultants to assist the development of the Action Plans
 - Setting up a back-stopping team of international experts to provide support
- **2nd Phase Development of the Action Plans at National Level**
 - High Level Kick-Off Meeting – April 2014
 - Formation/Selection of the country group – April 2014
 - Baseline data collection and validation workshop – April/May 2014
 - National stakeholder consultations/meetings throughout the process
 - Validation of measures and programmes&scenarios adn targets in a national workshop – September 2014
 - Validation of the action plan on the national level – October 2014
- **3rd Phase**
 - Implementation and monitoring of the Action Plans at national and regional level

Thank You! Merci! Obrigado!
