

# What is UNEP/GRID-Geneva ?

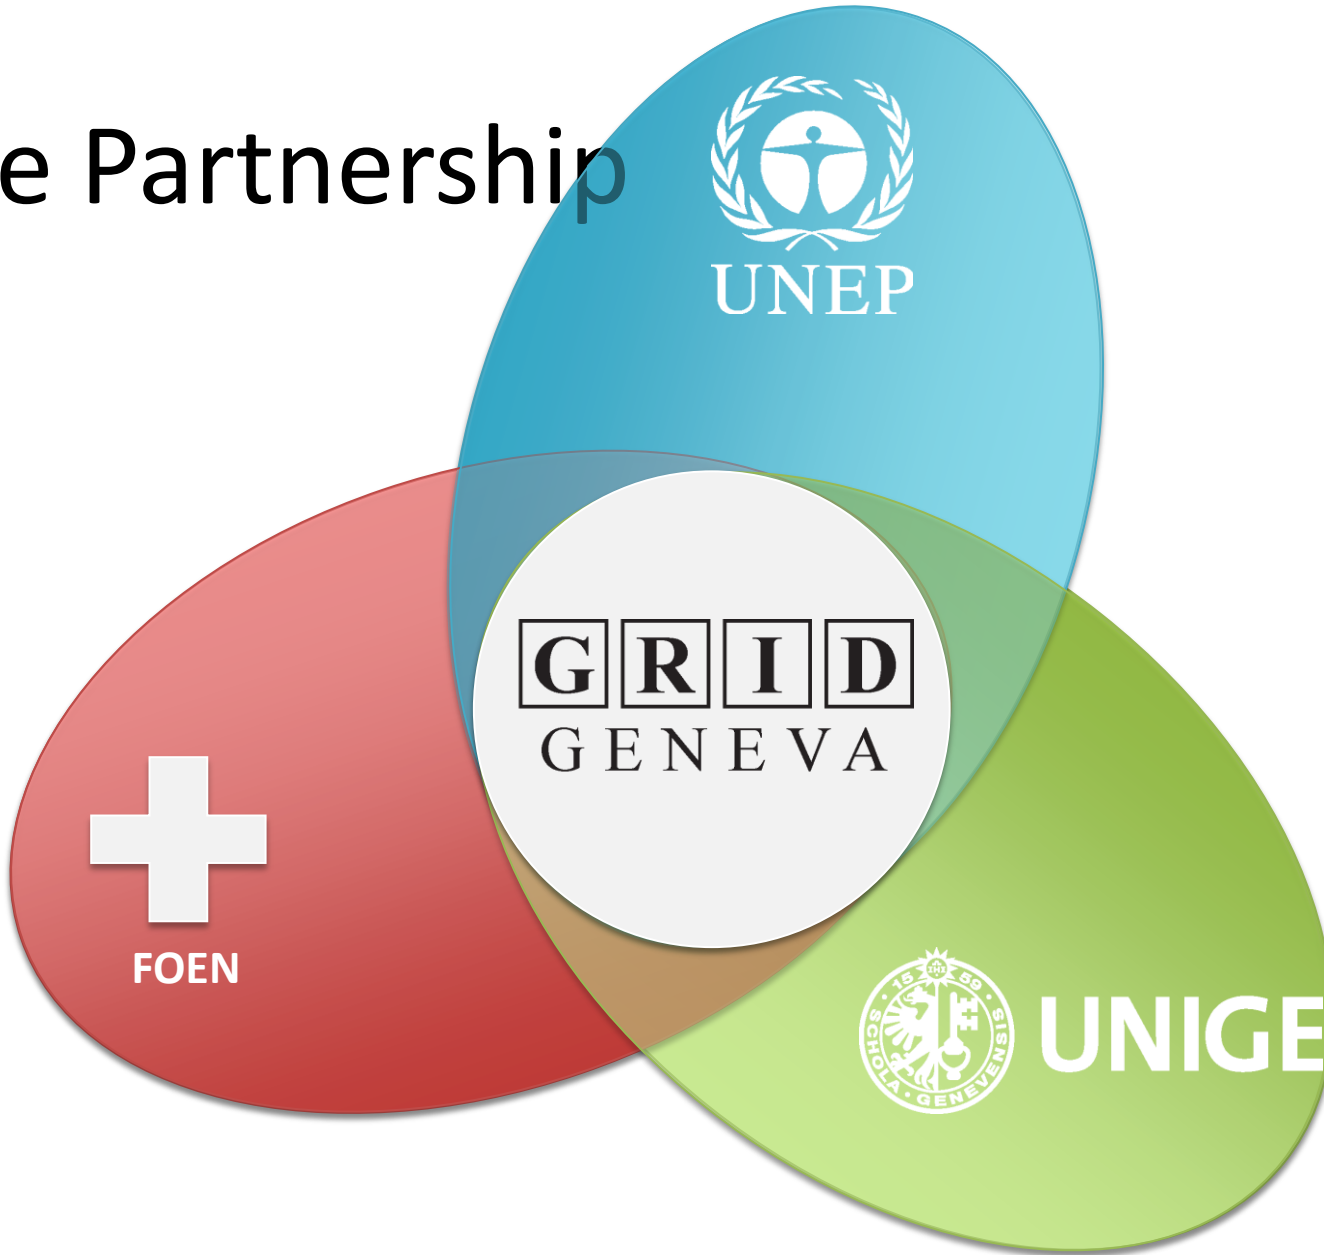

## Global Resource Information Database - Geneva

In 1985, the UNEP established one of the first environmental data hubs of the Global Resource Information Database (GRID) network in Geneva.

Known as GRID-Geneva, the centre was given the mandate to **collect and process high-quality environmental data worldwide** to support environmental early warnings and multi-scale assessments for informed decision-making and policy-setting.

# The Partnership

Pascal PEDUZZI  
GRID-Geneva Director

Linda DUQUESNOY  
Administrative/Finance Assistant

Cédric GAMPERT  
Web developer

Hy DAO  
Head of Metadata & Socio-Economics Unit

Matthew BILLOT  
DEWA-Europe, regional coordinator

Frédéric MOSER  
SDI Developer

Yaniss GUIGOZ  
SDI specialist

Nicolas RAY  
Head of Environment Modelling  
& Geoprocessing Unit

Stefan SCHWARZER  
Data Visualisation Specialist

Dominique DEL PIETRO  
GIS Specialist

Diana-Denisa RODILA  
Data Workflow Developer

Gregory GIULIANI  
SDI Officer

Mila LOMARDA  
Data Analyst

Tomas MARQUES  
Programme Officer, Science-Policy  
Interface

Karin ALLENBACH  
Remote Sensing Officer

Bruno CHATENOUX  
GIS Officer

Pierre LACROIX  
SDI specialist

Andrea DE BONO  
Data Officer

Jean-Philippe RICHARD  
IT Officer

Pierrick DE LABORIE  
SDI developer
