As consultants, we do things with the highest quality trying to achieve excellence:

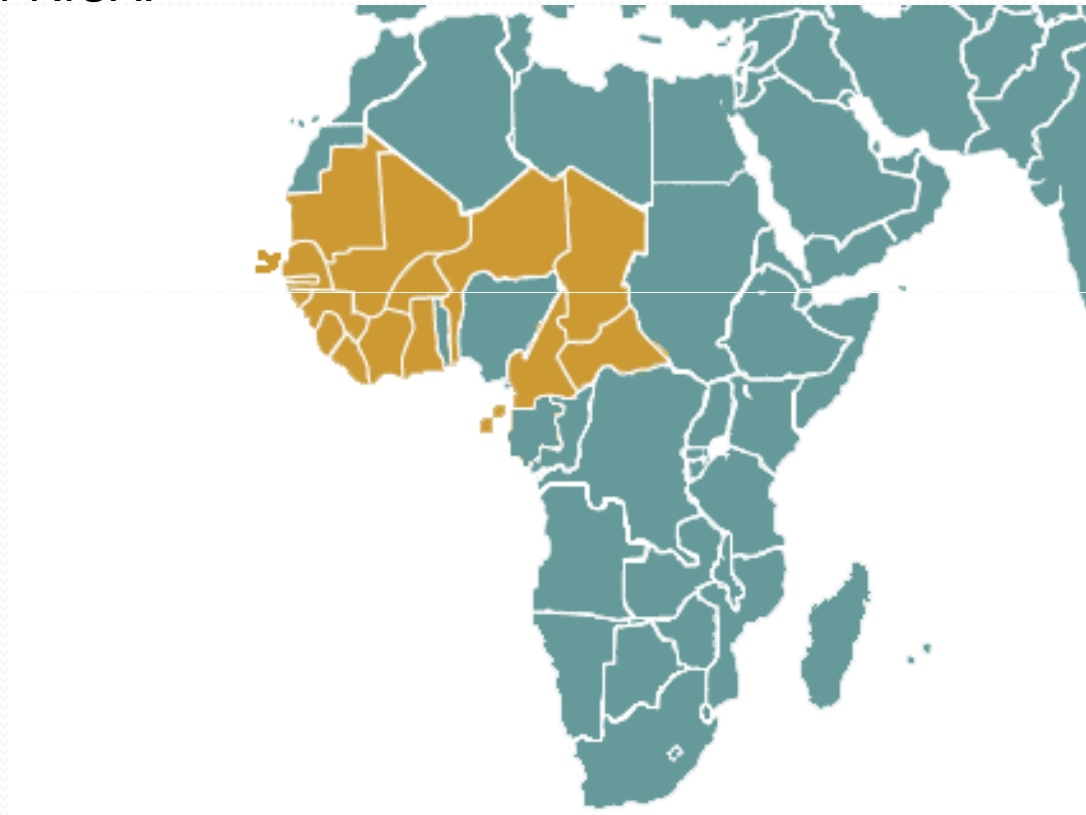

- Design
- Support
- Implementation
- O&M: Operation and Maintenance

We evaluate all available resources (waste, biogas, biomass, solar, hydro) to give the best solution optimizing performance and costs

AND WE HAVE BEEN WORKING FOR A LONG TIME...

... IN WEST AFRICA.

Actual state of Rural Electrification in the ECOWAS region

DIESEL GENERATING GROUPS

OVERSIZED

**TECHNICAL COST WITH
PV TECHNOLOGY**

0,18€ Kw/h

ENERGY DIESEL COST

0,30 € Kw/h

Diesel Generating Groups

0,30€ Kw/h

0,18€ Kw/h
